# Logo

Maintaining consistent appearance for the logo is crucial. Any modification or addition to the logo is discouraged. It is imperative that the logo remains unaltered and is not redrawn or modified in any manner.

Reproduction of the logo should solely rely on the provided artwork. Avoid overlaying the logo on busy images at all times.

**Unacceptable:** Do not stretch, condense or skew.

**Unacceptable:** Incorrect colors. The My Amazon Guy logo must be reproduced in the correct brand colours.

**Unacceptable:** No lines, text or art should be placed within the control space.

# Misuse of Logo

**Unacceptable:** Altered size or arrangement of elements

**Unacceptable:** Logo contained within a circle or shape that suggests it is part of the logo.

**Unacceptable:** Do not place over a background that will obstruct visibility

# Logo

It is preferable for the logo to stand independently. However, if a background block or panel is necessary, please follow the non-interference guidelines provided on page 8 and below. Block panel colors should be limited to the brand's color palette, which includes blue, red, yellow, or black. These block panels may be employed on websites, mobile platforms, or promotional materials if the background image proves too distracting.
